## Source Code

```
import React, { useState } from
"react";
import "react-datepicker/dist/react-
datepicker.css";
import { Navigate } from "react-
router-dom";
import { openModal } from
"../../Pertemuan
3/layouts/components/modals/ModalPop
Up";

export default function Login() {
  const objProfile = {
    email: "",
    password: "",
  };

  const [login, setLogin] =
useState(objProfile);
  const [successSubmit,
setSuccseesSubmit] =
useState(false);

  const handlerSubmit = (e) => {
    e.preventDefault();
    var formid = e.target.id;
    var target =
document.getElementById(formid);
    var myButton =
target.getElementsByClassName("btn-
submit")[0];
    myButton.textContent =
"Processing...";
    myButton.disabled = true;
    if (login.email &&
login.password) {
      openModal({ header:
"Information", message:
<RenderMessage profile={login} />
});
      setSuccseesSubmit(true);
    } else {
      openModal({ header:
"Information", message: <p
className="text-danger">Please fukk
up the form with correctly</p> });
    }
  }
}
```

## Screen Capture

The screenshot shows a web browser window with the address bar displaying 'localhost:3000/login'. The page header includes the logo of 'INSTITUT BISNIS & INFORMATIKA KEDATUAN'. The main content area is titled 'Form Login' with a subtitle 'Please fill up the form with correctly'. There are two input fields: 'Email' and 'Password', both with red asterisks indicating required fields. Below the fields are two buttons: 'Clear' and 'Submit'. At the bottom of the form, there is a copyright notice: '© 2023 M Audya Fadhlurrohman. <Contact'.
